- * and the collective unconscious
- * offers supplication

A dramatic landscape photograph of rolling hills under a cloudy sky. The foreground is dark and shadowed, showing the texture of the hills. The middle ground features several layers of rolling hills, with the distant ones appearing hazy and green. The sky is filled with large, white and grey clouds, with a bright patch of light breaking through near the top center. The overall mood is contemplative and vast.

TEMENOS VISION AGILITY MODEL

APPROACHING THE TRANSFORMING ENTERPRISE

A handprint shape is formed by several light-colored sticks or twigs against a dark, starry background. The sticks are arranged to form the fingers and palm of a hand, with some smaller pieces scattered around. The overall effect is reminiscent of a constellation or a celestial map.
